Radio really works with recent information indicating strong return on investment for businesses that invest in on air promotions.

Black Star 96.9 offers your business opportunities to reach a wide audience through a strong on air presence on this very professional quality radio station using the 2<sup>nd</sup> largest Zetta network in the world- a truly high tech innovative system.

Feedback from local shows, community events and markets across the region has been fantastic, with local organisations, businesses and individuals telling us they are locked on to Black Star radio in their fleet vehicles, private cars, in their workplaces, depots and streaming online! They loved the great sound, with more music to suit all ages and more importantly- local content. Listeners tuned in to hear local news, weather and events- what's on, where to go, places to shop and visit. More quality sound- and less waffle!

Contact your representative today and select a station sponsorship package to suit your business needs. Black Star FM 96.9 really gets your message out across the region, on air, streamed and online. Business promotions with Black Star Radio FM 96.9 Cooktown, 96.7 Tablelands and the entire Black Star network can really work for your business, organisation or club.

Call or email our sales team to discuss a tailored package especially for your business
