

Putting the community back in transport

In my first newsletter to you, I would like to introduce myself. As the new General Manager of the Hornsby Ku-ring-gai and Central Coast Community Transport organisation, I feel privileged and excited about the opportunities ahead of us, as **we grow back community transport on the Central Coast.**

I have worked in community transport for the past five years and am very aware of the power an equitable and accessible transport option can have on clients' lives. Remaining connected to

those we love, to our civic, social and day-to-day lives is imperative to quality of life. I am enthusiastic to be a part of your transport journey and look forward to meeting each of you.
